- Increase the safety, security and value of your property.
- Considerably boost the evening beauty and visual appeal of your landscape.
- Continue outdoor activities like dining or entertaining long after night falls.
- Realize the ultimate potential of your home and personal living space.

Nightscaping® is the original 12-volt outdoor lighting manufacturer. We pioneered the technology and have been proudly manufacturing safe operating, energy-efficient, professional landscape lighting systems and solutions in Redlands, California, U.S.A. since 1959.

As a landscape Architect Derek Warren was impressed by the whole package that came with his relationship with Nightscaping<sup>®</sup>. Derek says, "The quality, service, friendliness and help provided whenever I need it, has made me truly a loyal and committed partner with Nightscaping<sup>®</sup>.

Impressed by the quality of our product, he decided to attend a Nightscaping® seminar. After this he began making Nightscaping® an integral part of every design and installation his company sells.

Natural Environment will be glad to show you the quality of our professional line of warranty protected fixtures and finishes, discuss your outdoor lighting expectations, and answer any additional questions you may have.
